

6 Shot Pyro Flare Gun

A faded, light gray background image showing two 6-shot pyro flare guns crossed in an 'X' shape. The guns are detailed with various mechanical components and a textured barrel.

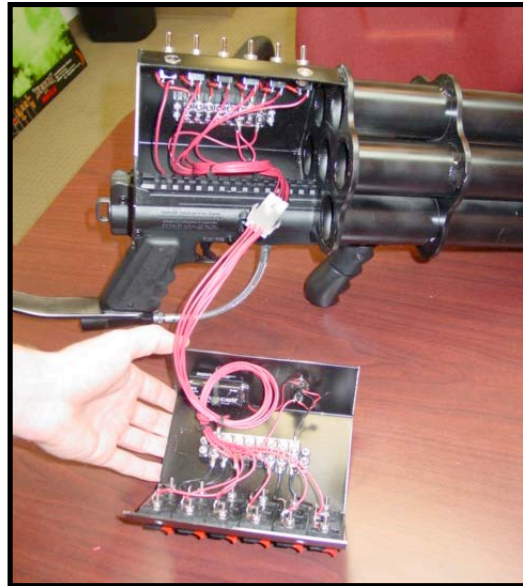

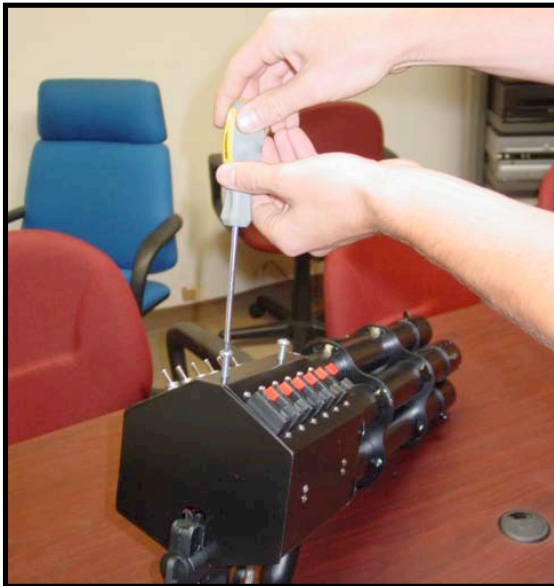

Mirage Entertainment Design

Mirage Entertainment has designed a custom 6-shot pyro flare gun. Using an electronic control panel to fire six pyro flares, this gun is lightweight, efficient and is an incredible looking special effect for World Class stunt shows.

The Gun

Electronic Control Module

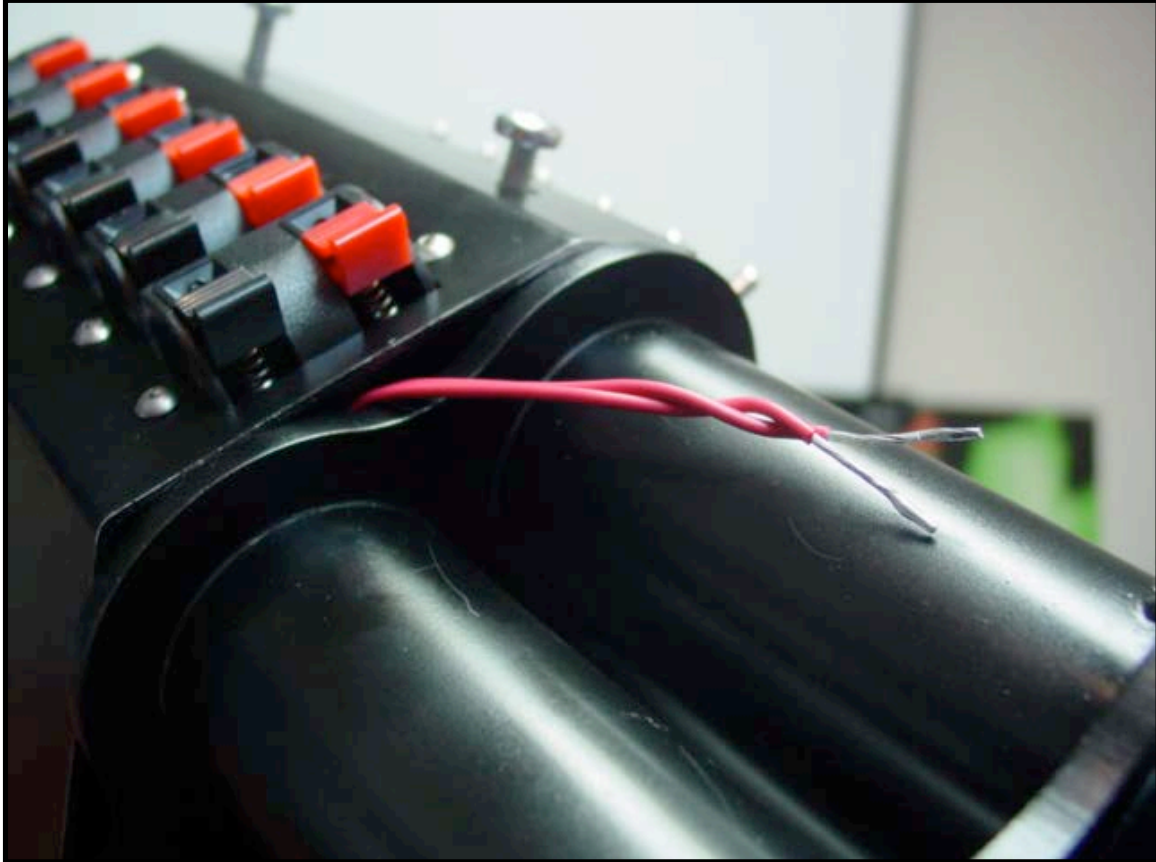

Butterfly Screws (Secures Flare)

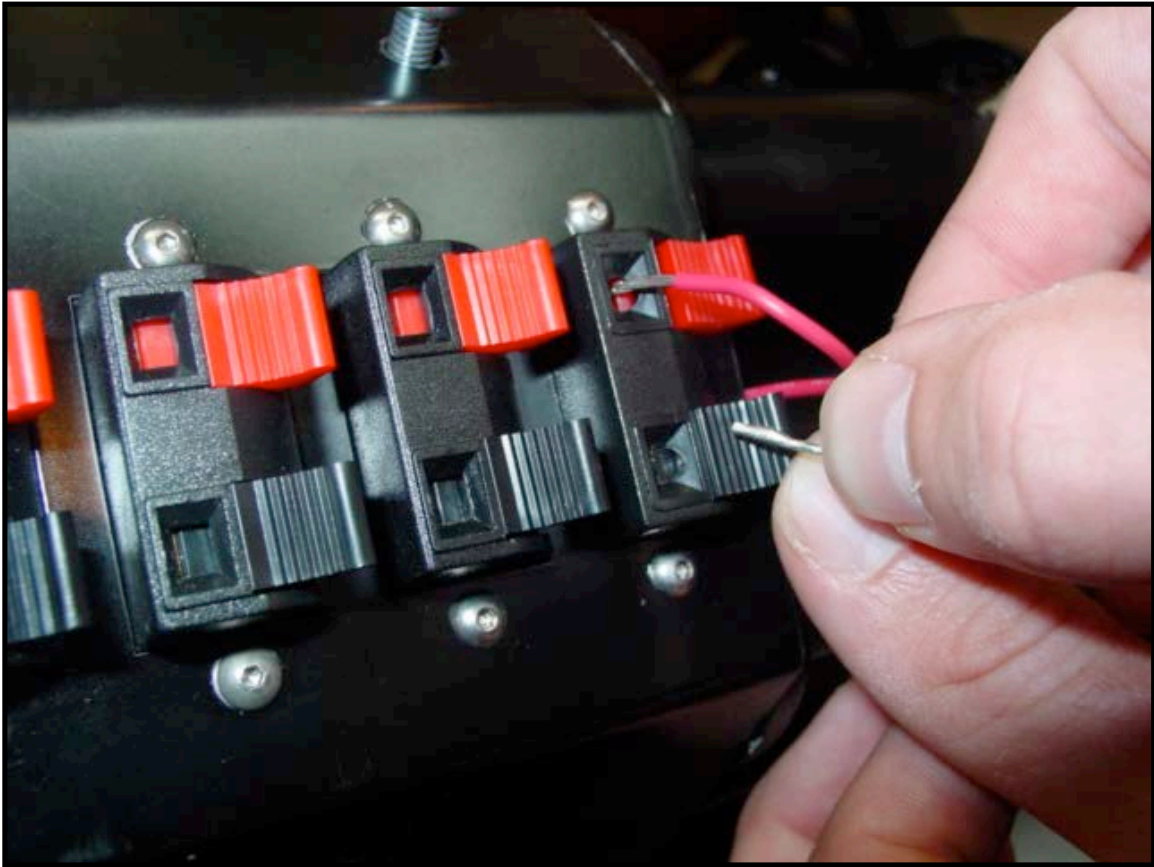

Pyro Wires

Wire Path

Connection

Holding the Gun

Right-handed

Left-handed

Firing the Weapon

Hot Switches

Fire Button

Battery: 9-Volt

Gun Assembly

1) Slide Handle 2) Insert Tube 3) Tighten Tube
